DEFENSE OF THE TARIFF

Industrial Commission Considered An Important Question.

TOUCHED ON TRUST PROBLEM

Congressman R. W. Tayler and George Gunton Were the Witnesses Examined By the Commission.

Washington June 6—The industrial commission at its session today considered the tariff question with incidental reference to trusts the witnesses being Congressman Robert W Tayler of Ohio and George Gunton president of the New York Institute of Social Economics

Mr Tayler took the position that any discussion in congress of the tariff at this time would have a damaging effect on the country He said the Dingley law was the most equitable tariff law the United States had ever had He took a decided position against trusts and said they were not fostered by the protective tariff Mr Tayler also said that he believed in the principle of reciprocity but that he did not indorse any of the recently negotiated reciprocity treaties

Mr Gunton devoted himself especially to replying to an argument recently made before the commission by Edward Atkinson for freer trade Mr Gunton said that the freedom contended for by opponents of the tariff is a glorious freedom of the savage a freedom which if indulged in too freely not only brings injury to others but ruin to himself

Mr Tayler announced the general principle that the history of the country for the past few years and the conditions demand that there should be no the slightest relaxing of the tariff principle as now embodied in the Dingley law The relation of the tariff to trusts he said is only incidental The Dingley law embodies he said the idea that the American civilization is on a higher plane than any other and requires a higher reward for its labor to maintain that excellence Whenever the labor cost is greater than elsewhere it is necessary that there should be an equalizing in ... the Dingley law Primarily therefore the protective tariff law was in the interest of labor Even the farmer he said gets a reciprocal benefit

How is the farmer benefited by the tariff on steel? asked Colonel Livingston

In the first place replied the witness there is not much tariff on steel and iron except possibly on tin plate We pay out in wages not less than $10,000,000 That means that the consuming power of the American people at home is increased to that extent and I think that the effect of that increase on consumption is sufficient to recoup the farmer for any supposed increase to him of the cost of iron and steel articles which he may purchase

Mr Tayler announced himself as opposed to the principle involved in trusts because he said he considers human nature too weak to intrust in a few such power as is involved in trusts He thought abuses were certain and that the result would be what he called governmental socialism or governmental ownership of the articles controlled by the trusts

Do you know of any combine that actually controls any industry? Mr Clarke asked

Mr Tayler said that he did not

Is not the United States Steel corporation on the border of attaining absolute control? asked Colonel Livingston

"I cannot answer that question either yes or no replied the witness but there are many large iron and steel concerns not in the combine Iron ore and coal are widely distributed and I do not believe that any one will ever get absolute control of the supply

Mr Tayler said that distrustful as he was of the trusts he had no remedy to suggest He did not accept the theory that the trusts alone could be trusted to reduce the cost of commodities Instancing the United States Steel company he said that its securities amount to $1,500,000,000 while the cost had not been one third that amount He had no doubt that the holders of these securities would demand returns upon them He said he would oppose the Babcock bill placing iron products on the free list because the result would be to destroy independent effort, while it would not especially injure the trusts as with them the only effect could be to reduce labor On general principles he thought a discussion of the tariff at this time would be unwise and undesirable He did not consider trusts the outgrowth of protection but conceded that incidentally some trusts might be benefited by protection just as the sun may cause weeds to grow

Speaking of the strike of the machinists Mr Gunton said it was perfectly right as he believed that labor was justified in organizing for the protection of its interests He said however that the machinists were blameworthy in that they had agreed to arbitrate and then had failed to live up to their agreement. He favored compulsory education and a law limiting the hours of labor Referring to Mr Atkinson Mr Gunton said that his views were all born of theory and that when the opinion got abroad that theories akin to Mr Atkinson's were about to be enacted into law there came near being general bankruptcy

BRITISH CORDIALITY

London June 6—Appreciation of the cordiality of the sentiments Americans and British are now so frequently exchanging is the burden of the comments of the afternoon papers on yesterday evening's chamber of commerce banquet.

The St James Gazette is so friendly that it advocates a display of the stars and stripes alongside the union jack on all the public buildings on July 4 on the same principle that the university men group the light blue and the dark blue (the colors of Cambridge and Oxford respectively) when they meet.

The Globe alone takes exception to the dictum that 'commerce is the great peacemaker of the world and thinks trade rivalry and the desire to secure new markets are liable to prove fruitful sources of trouble.

THIRTY-FIVE WERE GIVEN DIPLOMAS

Impressive Exercises Marked Close of the High School Year---President Slocum Addressed Graduates.

Members of the class of 1901 of the high school are alumni

The graduating exercises were held in the high school auditorium last night before one of the largest audiences that ever crowded into the building The address to the class by President W F. Slocum of Colorado college was one of the best ever made to a graduating class in this city The sweet girl graduates were beautifully attired in white dresses and the boys looked handsome in their cadet uniforms or black suits

The auditorium was prettily decorated in brown and white and Yale blue and pearl gray the latter colors representing the class of 1901 Along the front of the stage palms and flowers were banked and the blue and gray were draped all over the room Besides the class there were on the rostrum President Slocum the members of the school board, the high school faculty and Superintendent Dietrich The class motto Viam inveniemus aut faciemus was suspended above the stage in green letters

The program was begun by a selection by the glee club entitled Estudiantina which was rendered in a pleasing manner Rev Edward Braslin of the First Baptist church pronounced the benediction after which Miss Agnes Dorsey rendered a piano solo President Slocum was then introduced by Superintendent Dietrich and he spoke to the class at some length on the subject Life

President Slocum's address was earnest and eloquent and replete with advice to the graduates who are just beginning a new epoch of their lives. He said that he longed on an occasion of this kind to say words of inspiration and help to the graduates and considered it a great privilege to say such words of help and inspiration He said that the high schools and colleges were all working to one end and that the great American educational movement is behind everything else He spoke of life in many of its instances saying that it was something wonderful and incapable of being understood He gave the class some good sound advice telling them what to aim at in life and illustrated his talk with instances which have come under his personal observation The address was one of interest and instruction to the audience as well as the class and will not be forgotten soon by either

The glee club then rendered two selections The Tinkers Chorus from Robin Hood' and the 'Anvil Chorus from Il Trovatore" after which Mr R. C Thayer president of the school board presented the diplomas to the class Mr Thayer said that it was with great pleasure that he gave the class their diplomas and that he hoped they would show the proper appreciation of them After a vocal solo by Miss Anna Roberts, which was rendered in a pleasing manner, Superintendent Dietrich awarded the Perkins prize to the boy and girl having the highest average for the high school course Mr Arthur Terrill won $10 by an average of 92 3 Miss Agnes Dorsey won the girls prize with an average of 92 8 but relinquished her claim to the $10 in favor of Miss Estella Murphy whose average was 91 1 Superintendent Dietrich explained that Miss Murphy having attended school under many difficulties Miss Dorsey's generosity was highly commendable He said that Miss Murphy's hard work was commendable and that Miss Dorsey was one of the most popular members of the class Long applause followed his remarks showing that Miss Dorsey's magnanimity was appreciated Superintendent Dietrich said that the year's work in the high school this year had been of a very high order The enrollment of the high school has almost reached the 500 mark exclusive of the eighth grade There were twenty two girls and thirteen boys in the graduating class seventeen of whom have gone through the school from the primary grades Twelve members of the class were born in this state and 80 per cent of the class are going to college next year

The glee club closed the program by singing 'Battle Hymn from Rienzi by Wagner

Following is the class roll

"FATHER OF THE ELKS" DEAD IN BROOKLYN

New York June 6—George W Cumberland known to the American stage as George W Thompson Father of the Elks, is dead in Brooklyn from blood poisoning following on operation on his hand He was 65 years old He is said to have founded the order of Elks 35 years ago becoming first exalted ruler of New York lodge No 1 in 1868 He afterward became district deputy grand ruler of New York secretary of the board of grand trustees and deputy exalted ruler of the United States

SECRETARY LONG AGAINST HIS DESK

Washington June 6—Secretary Long was back at the navy department today after an absence of some weeks on the Pacific coast and later in Colorado He found a number of minor matters awaiting attention but nothing of very serious concern He has not yet taken up the report of the naval board on the Santiago medals or of the board which reported on wireless telegraphy He says the policy of gradually reducing the fleet in the Philippines will be carried on although there has been no material development in the plan already announced on this subject

ALABAMA'S GOVERNOR IS SERIOUSLY ILL

Tuscaloosa Ala June 7—Governor William J Samford lies seriously ill at the residence of Prof A A Person He is suffering from hypertrophy or enlargement of the heart, and while the end may not be near at hand serious apprehensions are felt. Mrs Samford is at the bedside of her husband

For the past week the governor has had fainting spells originating with his heart but they have been kept from the knowledge of the general public.

At an early hour this (Friday) morning arrangements have been made to remove the governor by special train to his home at Opelika

SUDDEN DEATH OF MAJOR GEORGE ARTHUR

Cleveland O June 6—Major George Arthur assistant paymaster of the United States army who recently returned from the Philippines died suddenly at the Weddell house in this city early today

Major Arthur arrived at the hotel at a very early hour and sat down in a chair in the lobby Shortly afterward an attache of the hotel found him gasping for breath and ... He was at once removed to a room but soon expired The physicians believe that death resulted from hemorrhage of the stomach or lungs An autopsy will be held

Major Arthur was about 43 years of age and was unmarried Last fall while in pursuit of his duties as paymaster of the troops attached to a remote post in the Philippines Major Arthur was attacked by a number of drunken soldiers who attempted to get possession of his cash box In the fight which followed Major Arthur was badly beaten He was sent to the hospital at Manila on his return and when able to leave the hospital came home on a furlough He had practically recovered from his wounds and had been in good health recently Deceased was a son of P M Arthur, grand chief of the Brotherhood of Locomotive Engineers

INTERPRETATION OF PLATT AMENDMENT

Washington June 6—In view of the several representations made in Havana regarding the interpretation by the secretary of war to the Cuban commissioners of the Platt amendments it can be stated authoritatively that the secretary did not deviate from the declaration that the president and himself had no power to change an act of congress It is said here that the amendments which the Cuban convention made to the Platt law and the incorporation of conversations with Secretary Root did not represent his views of the amendment nor was he correctly quoted in the alleged statements

Among the reports given out in Havana is the translation of a letter of Senator Platt written to the secretary of war and furnished as a confidential document to the Cuban commissioners when they were here This letter briefly gives the views of the Connecticut senator on some features of the law which bears his name Surprise was expressed that the letter should ... in print in Havana General Wood telegraphed the department today inquiring as to the whereabouts of the letter of Secretary Root explaining in detail the objections to the action of the constitutional convention It is expected that the letter will reach Havana within a very short time It has been delayed in the mail

AN INDIAN SUIT

Washington, June 6—Suit was begun today in the supreme court of the District of Columbia by Lone Wolf and other Indians representing the Kiowa Comanche and Apache tribes asking the court to enjoin Secretary Hitchcock Commissioner Herrman of the general land office and Commissioner Jones of the Indian office from carrying into effect the law providing for the opening of parts of the lands located in Oklahoma territory to settlement They also ask that the law authorizing the opening of the lands be declared void on the ground that the cession by the Indians professing to represent the tribes was unauthorized

THE COPPER COMBINATION

Considerable Excitement at Amalgamated Company's Special Meeting.

THE OPPOSITION DETERMINED

But Resolutions to Purchase Boston & Montana and Butte & Boston Stock Passed by Large Majority.

New York June 6—There was much excitement at the Amalgamated Copper company's special meeting in Jersey City today to vote on the proposition to increase the capital stock from $75,000,000 to $155,000,000

The injunction proceedings instituted yesterday by the opponents of the Boston & Montana company to prevent that deal going through today lent unusual interest to the meeting

Vice Chancellor Stevens had issued an order restraining the merger but permitting today's meeting in order that the sentiments of the stockholders might be obtained William H Corbin counsel for the Amalgamated Copper company was elected chairman of the meeting Clarence H Venner of Boston in behalf of the opposition moved to adjourn until June 20 but before Mr Corbin would entertain this motion directed that the controller Robert S Jordan of Jersey City and Le Grand Bouker find out how many shares were represented and by whom. It was found that 591,300 shares were represented out of a total of 750,000 more than the required two-thirds

Lavel McGee and Isaac S Taylor representing the opponents of the proposed absorption directed the fight in person and were aided by Mr Venner who next moved that the inspectors of election report specifically the number of stockholders represented by proxy and those represented in person also that a record be made of those stockholders represented by James Stillman, A P Flower James Bacon and James Jordon This motion was voted down. Mr Venner next wanted a stock vote but Mr Corbin said there was no reason for that. Mr Venner next moved that all proxies held by Messrs Stillman Flower Bacon and Jordon be rejected as illegal This was also voted down and John A Carver, counsel for the Amalgamated company read a report by a special committee recommending the acquisition of the Boston & Montana and the Butte & Boston Mining companies Mr Venner moved to reject all the proxies of the Stillman Bacon faction on the ground that the proxies had not been properly stamped. This was voted down.

As the decisive vote was taken, Mr Venner made a speech declaring that the proceedings were fraudulent, and the proposed deal scandalous." He added

If the court does not enjoin this iniquitous proceeding then I say we have no further use for the court.'

The resolutions to increase the stock as proposed and to purchase the Boston & Montana and Butte & Boston companies was passed by a vote of 555,583 shares to 204 Another resolution was passed to the effect that the carrying out of the two other resolutions be subject to the aproval of the chancery court.

The purchase price mentioned in the resolution is two and one-half shares of the Amalgamated stock for one share of Boston & Montana stock and one and one-third shares of Butte & Boston stock.

By the terms of the resolutions adopted the price of the two properties to be purchased is placed at $80,000,000 The committee adjourned to meet on June 10 next.

BRITISH RAILWAYS AND AMERICAN LOCOMOTIVES

London June 6—The Midland Railway company since the latter half of 1899 has been using 40 American locomotives Samuel W Johnson superintendent of the locomotive department of the company will say in the Daily Mail tomorrow that the results of six months made with standard Midland goods engines under the same conditions showed the extra working cost of the American locomotive over the British to be from 20 to 25 per cent in fuel, 50 per cent. in oil and 60 per cent. in repairs.

"It must be said that the American engines worked the trains satisfactorily Mr Johnson will say but their inferiority in the three points named is incontestible

The American locomotives in question cost £400 less than the British They were delivered in the course of a few months while the locomotives ordered of British firms in February 1899 were not delivered until February, 1900 largely on account of the strike

Sir Ernest Paget, chairman of the Midland Railway company, will confirm Mr Johnson's statement in the Daily Mail, but will say

In the United States they make their engines on an entirely different principle and with quite an opposite idea to ours as to their future In the United States you take an engine off the peg as it were and from then work it right out till it dies, giving it no rest The American contention is that, by the time it is done for something better will come along

"We make our engines as good as we possibly can and then we tend to them carefully rest them clean them and do everything to make them last.

Although the Midland Railway company would not give another order unless in exceptional circumstances, it would not be correct to say that the American locomotives are not good. The Americans can make them as well as we can but the conditions are different Ours are better under all circumstances There is no market in the English railways for American engines. Abroad it is different.

SENSATIONAL CASE IN BERLIN DISTRICT COURT

Berlin June 6—A sensational case began today in the first district court of Berlin. The plaintiff Anna Millewski was formerly lady in waiting upon the Princess Anna ... the defendant is the brother of Empress Augusta Victoria Duke Ernest Guenther The plaintiff claims that Princess Amelia received only 12,000 marks annually from the defendant who is the head of the house She also asserts that as she had a fortune of her own amounting to 9,000 marks she made loans to the princess who being in the last stages of consumption was at the time proceeding slowly to Egypt. While the princess was in Malta according to the plaintiff's statement she engaged as her chamberlain an American named Walker who perhaps unaware of the financial resources of the princess, induced her to incur large expenses Finally the plaintiff who feared the loss of ... with whom she had arrived in Cairo, restore to her the sum of 70,000 francs

The plaintiff now declares that at the instigation of Duke Ernest Guenther the ... of Prince ... of Prussia, caused the Egyptian police to arrest her in the street, after which she was forcibly and inhumanly transported back to Prussia where she became very ill

Meanwhile according to the plaintiff's declaration Mr Walker forcibly took plaintiff's ... from her trunk and with ... settled the unpaid bills of the princess then deceased and defrayed the cost of transporting the body home

The plaintiff asks that the 70,000 francs be refunded with interest.

Defendant's counsel Count Bredow challenged the accuracy of a number of the plaintiff's statements and the court decided that before things were carried further Prince Joachim's adjutant, who is still ... deposed

DETAILS OF NEW CIVIL GOVERNMENT IN PHILIPPINES

Washington, June 6—The new civil government to be established in the Philippines is receiving the consideration of the president and the secretary of war

It will differ very little from what was at first outlined as there will be a governor of the archipelago and legislative council and other officers. This government will have control of all civil affairs but it will be under the war power to the extent of being directed by the secretary of war

There will be a nice distinction as to the authority of the general commanding the troops in the Philippines and the governor to be appointed under the civil government. No official declaration has been made as to which will be the superior authority but it is known that the secretary of war will be supreme

While it is not the intention to conduct the government of the Philippines under the Foraker law that law will be taken as sanctioning what will be done.

The new government will be similar to that which existed for a short time in the early days of New Mexico. There was a civil government appointed by the president and a commanding general of the army Both had their functions in preserving the peace and controlling the affairs of the territory.

YERKES IN CONTROL OF LONDON UNDERGROUND R. R.

London June 6—Yes said Mr Yerkes when interviewed tonight by a representative of the Associated Press "we have practically got control of the London underground railway That is what it amounts to My syndicate is composed of British and American firms although far the largest proportion of the capital comes from the United States We hope to begin work in a few months as the consent of parliament has been obtained

The system we intended to install is almost exactly similar to that in use on the elevated lines in Chicago We will sell the present antiquated cars and substitute others of an American pattern We intend to rebuild the stations to install arc lights and to make the road equal to any rapid transit line in the world

Yes we must have American engineers to do the work They know everything about that sort of thing here I tell you what is the trouble with the English engineers is they do not know the value of a scrap heap As to the agitation over the United States buying up England it is absurd Years ago British capital controlled the bulk of the American railroads Since then Great Britain has been on the decline and the United States have progressed As a natural result the circumstances are now reversed

When I first proposed to take over the underground railway the English company raised all sorts of objections, but gradually they came around and they appear to be perfectly satisfied with the bargain

No I cannot say who are in with me However I wish to assert distinctly that the report that the Widener-Elkins group is in any way connected with the syndicate is absolutely untrue

I intend to remain here for a considerable time as there are likely to be several things needing my personal attention

After declining to say whether he contemplated buying up other roads Mr Yerkes concluded with a declaration that the remodeled underground railway would be far superior to the existing London tube

The people who built that said he knew nothing except how to dig holes Everything else is wrong Chicago is ahead of the rest of the world in electric traction If ... Chicago system they might have given London something better In the course of time my syndicate will be represented by directors on the board of underground railway but there is no hurry about that '

MRS. M'KINLEY DID NOT GAIN AT ALL YESTERDAY

Washington June 6—Dr Rixey left the White House at 10 o'clock tonight after an hour and a half spent in attendance on Mrs McKinley He said There is no material change in Mrs. McKinley's condition She remains the same as mentioned in our bulletin of this morning" In answer to specific inquiries he replied that he could not say there had been any perceptible improvement whatever during the day

The president tonight continues hopeful of the outcome More than this cannot be said There has been no set back during the day but likewise no gain One favorable circumstance is that Mrs McKinley continues to obtain more sleep than she was able to get in the earlier stage of her illness and ... fairly comfortably

The president today through Secretary Cortelyou formally notified the Buffalo exposition management that he would not be able to attend the exposition on the 13th instant as had been planned but added that he hoped to be able to do so at some later date that may be designated

At the White House tonight everything was unusually quiet There were no callers who saw the president with the exception of Surgeon General Sternberg and Dr Rixey The former stayed but a few minutes Mrs Dawes made her customary call for a few minutes. General Corbin stopped on the way from the war department but merely left his card and made an inquiry at the door as to Mrs. McKinley's condition

The president spent an hour driving this afternoon, being accompanied by Secretary Hunt of Puerto Rico

PARDONED BY PRESIDENT

Washington June 6—The president today acted upon 14 applications for pardons He commuted four sentences and granted five pardons Among those pardoned was Richard Toulmain who was convicted by the United States consular court at Shanghai in 1898 of the murder of a Chinaman on the American ship Dosing in the harbor of Wu chow and sentenced to life imprisonment in Shanghai prison for American convicts

GERMANS FELL INTO HANDS OF CANNIBALS

Berlin June 6—The Tageblatt prints special correspondence from New Guinea containing a full account of the massacre of the members of the first German South Sea expedition on the cannibal islands of St. Matthias They were all killed and eaten save Dr Heinroth

The Colonial Zeitung the official organ of the German Colonial society furnishes details of the massacre

It seems that the vessel which carried the expedition to the island of St. Matthias left after a few days for Heberthoh New Britain to get coal and fresh supplies. During the absence the savages who had hitherto appeared friendly though known to be cannibals planned to kill and rob the diminished party

The plot was carried out one morning while the members of the expedition who had a body guard of forty drilled Papuans, were cleaning their rifles which they had taken apart Suddenly 80 of the islanders broke from the bushes raising fierce war cries and brandishing spears with which they stabbed to death the leader of the party, Dr Mencken his secretary Herr Cato and a white sailor who was asleep under a tree

Dr Heinroth emptied his revolver into his assailants while the body guard in the meantime retired to the boats with the wounded and Dr Heinroth leaving 12 dead The boats put off to an island not far distant where the expeditionary vessel rescued them Subsequently the survivors returned to the island where they found that the bodies had been devoured and the camp absolutely looted

SURPRISED AND ROUTED A FORCE OF BOERS

Pretoria, Wednesday June 5—Colonel Wilson with 240 of Kitchener's scouts has surprised and routed 400 ... 34 miles west of Warm Baths The Boers resisted stubbornly but finally broke and fled leaving 30 dead a hundred prisoners and all their wagons and supplies including 8,000 cattle in the hands of the British The loss of the latter was three men killed and fifteen wounded

Later—Beyers main command arrived on the scene soon after the engagement but failed in an attempt to recapture the supplies.

DROPPED DEAD IN DENVER

Denver June 6—Mrs P J Atkison wife of a Denver business man dropped dead on Fifteenth street this evening The cause is not known

STABBING IN DENVER

Denver June 6—John Glynn living at 1931 West Twelfth avenue is under arrest charged with stabbing his son-in law, Patrick Hannigan During a family quarrel a knife was drawn and Hannigan was cut in the abdomen and will probably die Glynn claims that the other man had the knife and fell down cutting himself

DENVER HOD CARRIERS

Denver June 6—The Hod Carriers union held a meeting tonight to consider the strike situation but declined to give out any information regarding their action except the fact that the strike was declared off It is said that non union hod carriers will be put to work by the bricklayers tomorrow

NINE PERSONS INJURED IN REAR END COLLISION

Vicksburg Miss. June 6—Nine persons three seriously were injured in a head end collision by two Mississippi Valley passenger trains at 8 o'clock this morning north of Vicksburg

The injured are Carey Jones, engineer of train No 24 shoulder dislocated and internal injuries may die E S Larreta flagman head crushed, may die W J Harvey mail clerk, ribs crushed Edward Hollingsworth colored fireman hip dislocated and internal injuries. James Williams colored fireman bruised W H White conductor injuries to shoulders and breast Edward Montgomery flagman and Engineer Skillman slight bruises about head and shoulders

Of the passengers Miss Mary Doughty of Nagodoches Tex was the most seriously injured her arm and hand being badly crushed The trains met on a sharp curve near Florence 16 miles north of this city and but for the prompt action of Engineer Jones of the north bound train in reversing his engine the wreck would have been more complete The south bound train was late and was running at a high rate of speed to make up time

VON WALDERSEE'S REPORT

Berlin, June 6—The war office has received the following dispatch from Count von Waldersee, dated Tien tsin, Tuesday, June 4

"I have now resigned the functions of ... today leaving China by way of Tokio

Strict measures have been taken here to avoid collisions between the different contingents

"In company with large German detachments I attended the funeral of the French soldiers killed in the recent affray

HORSES FOR SOUTH AFRICA.

London June 6—After a long and somewhat embittered discussion of the policy of the war office in buying horses for use in South Africa, the house of commons tonight, by a vote of 159 to 60 voted the sum of £15,779,000 for transports and remounts.

Sir Blundel Maple, Conservative, asserted that British officers who had been sent to Hungary and Austria had purchased broken-down animals at extravagant prices and divided with the sellers the price charged the British government being above the actual cost. He demanded the appointment of a committee of inquiry

Lord Stanley, financial secretary of the war office, said an inquiry would be made into the matter and he believed the accusations of corruption brought against British officers would be disproved.

Mr Broderick the war secretary, said the war office paid for horses in England £42, in Canada £30 and in Australia, £30 United States and Hungary £20 to £25

Later in the discussion Mr Broderick said a telegram had just reached him from Lord Kitchener announcing that between 30,000 and 60,000 troops were now suitably mounted The war secretary defended the good quality of the horses bought abroad

Denver Bureau
Colorado Springs Gazette

Denver June 6—Today has been Commencement day for the Denver schools and the entire day has been devoted to graduating exercises. Nearly every school has large classes and all graduating programs were well rendered and appreciated.

The Manual Training school held its exercises at Trinity M E church at 11 o'clock this morning. The church was beautifully decorated and was crowded to its utmost capacity. There were 62 graduates.

The Miss Wolcott school held its exercises in the school building at 1400 Marion street. The principal address was delivered by Hon Ralph Talbot. There were six graduates. The building had been decorated with the school colors green and white and the class colors blue and gold which made the auditorium a dream of beauty.

The Broadway theater was filled with the friends of the West Denver High school graduates this evening to witness the completion of their High school life. A lengthy program was rendered by the members of the class. The exercises consisted of essays orations and instrumental and vocal solos. A W Clark presented the graduates with their diplomas.

The North Denver High school launched its 45 graduates at the Asbury M E church tonight. Beautiful exercises were conducted and the diplomas were presented by Dr G W Coufman.

The Montclair High school held their annual graduating exercises in the Stanley High school building this afternoon. Large flowers bunting and potted plants comprised the decorations. The principal feature of the day was the graduating address delivered by Hon Henry M Teller president of the school after which diplomas were given to six young ladies and two young men.

Trinity M E church was again crowded during the afternoon when the East Denver High school class graduated. Chancellor Buchtel delivered the address of the day. One hundred and twenty five students constituted the graduating class. Hundreds of friends were turned away because there was not room in the church for them.

The High school pupils of the South Denver High school held their graduating exercises at the South Broadway Presbyterian church this evening. The exercises consisted of literary and musical productions by the individual members of the class.

Y M C A Jubilee

The Y M C A observed their Jubilee day today. It was the occasion of the opening of their new headquarters in the Club building. Their new rooms were thronged with visitors all day and they are said to be one of the finest suites of Y M C A rooms in the west. The California and Utah delegates to the Boston Y M C A jubilee stopped off in this city and were given a public reception at the Y M C A rooms this evening. Tomorrow they, together with the 16 Denver delegates will continue the trip to Boston.

The Libel Case

Immediately upon the opening of court in the Patterson Republican libel case this morning Judge Mullins announced that the objection of the prosecution against the introduction of evidence to show that fraud was committed on election day was sustained. The two grounds mentioned by the court as having been urged by the defense were: First, that the defense having failed to file a bill of particulars as ordered to do by the court, cannot now seek to introduce evidence to justify the editorial. Second that the defense has not shown that Senator Patterson was in any way connected with the frauds if they did occur and therefore evidence of frauds is incompetent. The defense took exceptions to the ruling.

Mr Tammen was recalled and told of having sent a telegram to Mr Patterson at Washington in which he told Mr Patterson that his (Patterson's) instructions regarding the nomination of Wells were disrupting local Democracy and if Wells was on the ticket the Post would not support it. Mr Tammen also told of having received a letter from Mr Patterson in which the senator had said that he hoped the Post would support the ticket even if Judge Wells was nominated.

Following Mr Tammen the defense [illegible] to show fraud on election day. The prosecution objected and the objections were sustained. In each case Attorney Ward stated what they expected to prove by each witness. Finally the prosecution objected to any more witnesses of this character being put on the stand and the objection was sustained. With this the defense rested its case and the prosecution called Mr Patterson for rebuttal. He told of the letter he had written Mr Thomas but did not disclose anything new. He was still on the stand when court adjourned.

Kyle Rucker of this city who was appointed second lieutenant of the cavalry by President McKinley today is a nephew of the well known Judge Rucker. He is also a lawyer of ability and has been practicing his profession in this city for some time. He is a graduate of the East Denver High school and it was at this school while he was captain of the cadets that he formed his first attachment for the career of a soldier. After he left the High school he joined the National guards and later the regular volunteers and was sent to the Philippines as captain of one of the companies of the First Colorado. He is a son of John Rucker the well known Aspen mining man.

The Western Federation of Miners completed its session today. The day was devoted to short talks for the good of the order and the presenting of a number of presents to retiring officials for their good work during the past year. Secretary Maher came in for a handsome gold watch. Resolutions of thanks were adopted thanking everybody connected with the convention which had helped to make it a success. Several days will be occupied by the executive committee in closing up matters which have come before the committee for its immediate attention.

NEWS NOTES FROM VICTOR

Great Preparations for Fourth of July Celebration

AT WORK ON THE PORTLAND

President Burns Advised the Men to Join the Union—Work Also Resumed at Granite Mine

Victor Bureau,
Colorado Springs Gazette.

Victor June 6—The executive committee having charge of Victor's Fourth of July celebration will issue an invitation to the state to come to the city this year and help in the celebration. The affair gives promise of being the biggest ever attempted in this section of the state. A special meeting of the executive committee was held tonight and a report made by the chairman of the finance committee indicates a great amount of success in the undertaking. Three bands have been engaged to supply all the music necessary, a balloon ascension has been arranged and the several gun clubs of the state will compete for attractive cash prizes. The electrical illumination will be the most brilliant ever attempted outside of Denver in the state. All the buildings of the Woods Investment company including the Gold Coin shaft house will be a blaze of glory in their dress of thousands of vari colored electric lights. Another feature of the illumination will be a search light which will throw its rays upon an artificial water fall at night. Tonight a committee was appointed to arrange for the proper illumination of the streets between the hours of 8 and 10 p m.

Operations were resumed at the Portland property with practically as large a force employed as was at work previous to the little difficulty. Approximately 600 men worked in the mine today 200 on each shift. President Burns personally superintended the re-opening of the mine and he was liberally cheered when he made an address previous to their going to work. President Burns told the men that it was their duty to become members of the union and that they would be expected to become members of that organization. He further stated that on the whole the relations between the company and its employes had been pleasant and now that the understanding had been reached upon the only points of difference the relations would be closer and more harmonious than ever. Mr Burns told the men that if they were in arrears with the Miners union that it was their duty to at once become members in good standing. Quite a number of the former employes of the mine left the camp immediately after the shut down and many of them are now on their way back to the city to resume their old places but others having found employment will not return. After a reasonable length of time their places will be filled until the number of men employed will be increased to a greater number than were employed before the difficulty.

Another good feature of today was the resumption of work at the Granite mine which has been idle for some time. Smoke today began pouring from the stacks of the Granite and soon between 200 and 300 men will be employed at that property.

The title to the ground in Hollywood a suburb of Victor on the west slope of Big Bull mountain is causing some uneasiness in that town. The trouble is between a large number of residents and a claimant for the ground upon which their homes have been built. Mrs Broderick of this city has filed upon certain claims upon the surface of which [illegible] is located. She alleges that the proper work for holding the claims had not been performed and that the ground reverted to the government previous to her filing upon it. It is further alleged that the ground in question is not mineral land. Believing the ground to be open a number of persons went upon it and taking it up as a townsite built homes for themselves. Mrs Broderick under her mineral claims now seeks to oust them. The case was brought in the district court and on a change of venue was taken to Pueblo. Today Adam Scott and L W Hubbard representing the alleged squatters went to Pueblo to look after the case.

A P Martin will leave tomorrow for St Paul to attend the head camp meeting of the Modern Woodmen of America. Mr Martin is delegate at large from the state of Colorado.

Eugene Reardon who has been attending Jarvis Hall is home for the summer season.

ANACONDA

Special to the Gazette

Anaconda June 6—The remains of Mrs Nancy Fereshaw were today shipped to Denver to await the arrival of her mother Mrs Owen of Washington, D C. When she arrives it will be decided whether the interment will take place in Denver or at Washington.

THE NEWS OF CRIPPLE CREEK

Charles Oliver Found Not Guilty of Ore Stealing.

THE WOODLAND PARK CASE

Wilson McCleary Found Guilty of Assault and Battery. News of the Courts and Personal Items.

Cripple Creek Bureau
Colorado Springs Gazette

Cripple Creek June 6. Charles Oliver was found not guilty of ore stealing by a jury in the district court today. The robbery in which Oliver was alleged to have been a principal took place the night of June 4 1900 in the Victor yards of the F & C C road. Three men opened a car of high grade ore consigned to the Pueblo smelter by the Last Dollar mine. Officers had been warned that the robbery would take place and three of them were concealed in a tent near the car when the robbers were at work. The officers allowed the three men to take the sacks of high grade ore from the car and then attempted to capture the men. They ran in different directions and seven shots were fired after one of them. This man proved to be Mike Shields of Goldfield and one of the bullets killed him. The other two men one of whom the officers claimed was Oliver escaped. Judge Seeds this evening dismissed Oliver from custody.

After being out of the box for 45 hours the jury in the case of the people vs Wilson McCleary Elmer McCleary and David Bess brought in a verdict this evening finding the first named of the three defendants guilty of assault and battery. The defendants who are boys about 19 years of age were charged with assaulting with intent to kill Rev C B Langdon of Woodland Park. Wilson McCleary was taken back to jail to await sentence.

T A Harding commenced action in the district court today against W M Burris the El Paso Consolidated Mining company and H V Nesting. The plaintiff alleges that he advanced to Judge Burris $750 with which to push the suit in the supreme court of James Doyle et al vs Winnie E Anderson et al. The plaintiff avers that he was to receive in return a one third interest in the settlement which involved the lease and bond on the North Cascade lode and also a one third interest in Burris leases and bonds on the Little May and Australia lodes. Nesting is made co-defendant to the suit for refusing to join Harding in commencing the action as he now owns a part of the latter's interest in the property mentioned. The plaintiff prays for an order decreeing himself and Nesting to be owners of a one third interest in the property mentioned or that they be given one-third of the money or stock paid by the El Paso company to W M Burris for the Little May and Australia. The plaintiff also asks for an injunction restraining the defendants from disposing of the money or stock.

Henry P Relton filed suit in the district court today against the McIntyre Mercantile company W B Pullin and Peter McIntyre to recover $723 and interest, alleged to be due upon a promissory note dated December 1 1893. The plaintiff also filed suit against the same defendants with C G Jackson included to recover $1251.94 and interest alleged to be due upon a promissory note dated January 1894.

In the case of Hayden vs the City of Cripple Creek, a suit to recover damages for injuries sustained by a fall on Bennett avenue the plaintiff voluntarily non suited the case.

Upon a transcript of judgment from the Victor justice court, the case of Peter Owings vs J A Bradford and F T Richmond a [illegible] for $1[illegible] was filed in the district court today.

George Munroe an insane man was arrested at Cameron this evening and placed in the county jail.

A marriage license was issued today by the county clerk to Antone Nelson aged 30 years and Delphine Tebeau [illegible].

Out-of-town arrivals at the National today were G F Shelby, Joseph Shapiro, John Slavin and F A Metcalf of Denver; J C Gair, J A Clark and wife, George Farnsworth, Frank B Tobey, A L Zirkine, J R McKay, J T McAuby, G S Ballard, C C Chapin, E M Chapin, J E Wightman and C S Harmon of Chicago; Stuart Tod of London; C A Be[illegible] of St Joe; E A Reifer of Milwaukee; A Hirsch of Kansas City; F R Whitcond of Minneapolis and A H Wilson, of Philadelphia.

NEWS NOTES FROM PUEBLO

Pueblo Bureau
Colorado Springs Gazette

Pueblo June 6—The contest over the Lillian lode in the Cripple Creek district was commenced in the land office today. There are a large number of witnesses and it is expected that the case will last several days.

In division B of the district court today Judge Dixon issued a decree of foreclosure of a trust deed made to secure a loan of $63,678.81 given by Nathaniel Maxey Tabor to David H Moffat trustee and the First National bank of Denver. The property on which the foreclosure was ordered is a half interest in the famous Skinner & Tabor ranch northeast of Pueblo which comprises 25,120 acres. The loan on the property was secured by N M Tabor who is a son of the late H A W Tabor to cover the expense of fitting up the Brown Palace hotel in Denver in 1893.

Members of the board of trustees of the North Side water works have been investigating the filtration systems of St Joseph and Kansas City have returned and will recommend in their report the Jewel system.

John Craig a ranchman living north of the city brought in a number of specimens of oil bearing rock today. An effort is being made to form a company to prospect his ranch.

Judge Coulter in the county court today heard the case of A T Larson against James Langworthy and Mrs Emma Toole Nuckols. Larson is suing for $2000 damages claiming that Langworthy acting under the instructions of his employer Mrs Nuckols burned a well drilling outfit belonging to Larson while he was engaged in drilling for water on the Tolle ranch.

The report of D H McFate truant officer for district No 20 shows that the working of the truancy law during the past year on the south side has been very successful.

The Doctor's Medicine

is prescribed for a definite purpose. It's important that you should have just what he orders and just as important that the drugs should be fresh and pure. Something else which usually accomplishes the same thing may not do in a combination of drugs. Better bring the prescription here. there's no medical drug we do not have and our experience of years has taught us that pure drugs induce continuous patronage. Skilled pharmacists only compound your prescriptions here. You can't afford to trust anything but the best in matters of health. Our low prices keep our big business growing bigger.

21 South Tejon St.

FLORENCE

Special to the Gazette

Florence June 6—The Oil Well Supply company this morning received two carloads of boilers and two carloads of casing. The company today shipped one car each to Boulder and Routt counties where drilling operations will shortly be commenced. One complete outfit of drilling supplies will in a day or so be shipped to Parachute a point this side of Grand Junction for Denver parties who will commence active operations within 20 days. In a very short time drilling tools will be made here at home instead of sending to other places for them. The machine shops which will make them are just about completed.

Senator J G Johnson returned to Walsenburg yesterday. Salt water has been struck at a depth of 500 feet in the well he is putting down for S F Rathvon of Denver near Walsenburg and the senator was up ordering casing so the water could be shut off and drilling operation again resumed.

The mayor of Ordway 50 miles east of Pueblo, was in the city yesterday looking for drillers and tool dressers. The town of Ordway is going to put down a number of wells with a view of striking artesian water for domestic purposes. He was unsuccessful in his errand as all oil men in Florence and [illegible] are busy. He engaged [illegible] drilling outfit and the work will be under the supervision of H L Stock of this city.

On next Sunday the local lodge of the Woodmen of the World will observe its annual memorial day with appropriate exercises. Two monuments at the cemetery will be unveiled. The services will be held at the Baptist church. A week from Sunday when the Modern Woodmen of America will also celebrate.

The Florence baseball team has been reorganized. The old team has played three games with outside teams this season and came out victorious in each.

On next Sunday morning Children's day exercises will be held in the M E church. The pastor leaves at noon on that day for Colorado Springs where he will take part in the program at the state Epworth League convention on Sunday night.

STATE OFFICERS OF FEDERATION

H E Garman of Printers Union Denver, President

TO MEET NEXT IN TRINIDAD

That Place Selected as Being Most Hostile to Organized Labor—President's Power Increased

Leadville Colo June 6—The principal business at the third day's session of the State Federation of Labor was the election of officers. The result of the election was as follows:

President—H E Garman of Typographical union No 49 Denver.

First Vice President Charles R Burr of Cloud City Miners union No 33 Leadville.

Second Vice President—P J Devault, of the Musicians union and of the Trades Assembly Cripple Creek.

Third Vice President—M L Ellis of Miners union No 15 Ouray.

Secretary Treasurer J K Robinson of Waiters union No 14 Denver.

Place of next convention Trinidad.

A resolution was carried which provided for an interchange of cards so that a member of one craft can on his own application be transferred to any other craft.

Secretary Stock, of district 15 of the United Mine Workers of America an organization of coal miners asked that a closer relation be established between his organization and the Colorado State Federation of Labor. The proposition which is regarded by labor union men as a good thing for consolidation of labor influence in Colorado will be considered after the various committees' reports now in have been acted on. The convention took up a resolution recommending that a ladies auxiliary be organized by the Trades Assembly in every city and town in Colorado where there is a Trades Assembly.

There was no opposition to the resolution. On the recommendation of the committee on constitution the powers of the president were greatly increased. The convention voted him authority to suspend any local union which may in any way violate any part of the constitution.

The only condition attached is the suspension in order to be valid must be reported to the executive board by the president immediately after he has caused the suspension. In case of emergency the president can order a strike.

It was also decided that a local council be formed in every town where there are not less than three affiliated unions. The local council is to consist [illegible].

And the duty of this local council is to assist the executive board in adjusting any grievances that arise within the jurisdiction of the local council. The local council is further instructed to get all the unions in its vicinity to affiliate with the State Federation of Labor.

When it came to the selection of a place for the holding of the next convention the claims of the Colorado State Federation of Labor were made plain. The towns in the race were Canon City, Florence, Pueblo and Trinidad. Delegate after delegate arose and said he wanted the convention to go to the place most hostile to labor unions. It was stated on the floor of the convention that Trinidad was that place, that the opposition of the Colorado Fuel and Iron Co there to labor unions was so intense that more than one union man has been run out of Trinidad.

Let us go to Trinidad said Frank H Richardson of the retiring executive board, and show the Colorado Fuel and Iron company that we can and will organize their employes. This was the speech that caught the convention and Trinidad was chosen by a large majority. It is believed that the convention will be able to finish its work by tomorrow.

DEATH OF JOHN CURLEY AT OURAY

Special to the Gazette

Ouray June 6—John Curley who was injured in an explosion caused by picking a missed shot in the Camp Bird mine Saturday night and had both eyes blown out died at St Joseph's hospital this afternoon at 3 o'clock. His sister Bridget Curley arrived from Victor yesterday and will accompany the remains to Denver for burial tomorrow. The deceased had been a miner in Leadville and other Colorado camps during the past nine years coming to Ouray last December. He was 35 years of age and leaves three sisters and three brothers living in Leadville, Victor, Pueblo and Denver.

FIRE IN MILWAUKEE

Milwaukee Wis June 6—The [illegible] Brewing company suffered a loss by fire today to the extent of between $150,000 and $200,000 fully covered by insurance. One man was killed during the progress of the fire.

Elevator F was gutted and the power house containing the controlling machinery of the malt house, the building adjoining was destroyed. The seventh or top story of the malt house was badly damaged.

John Smith a coppersmith died from injuries sustained by falling four stories while sliding down a rope.

COUNTRY BREWERS

Buffalo N Y June 6—The United States Brewers association today after considerable debate adopted a resolution with the object of bringing the country brewers into their association. During the debate it was stated as a rule the country brewers were not members and it was regrettable to many members because of the fact that country brewers exert considerable political influence. The resolution provided for sending agents through out the country districts.

CHILEAN CLAIMS

Washington June 6—The Chilean claims commission will adjourn sine die on June 18 leaving behind it not a single [illegible] the failure of the first commission to dispose of more than a majority of the claims presented that led to the creation of a new commission.

The famous Itata claim founded on the capture of that vessel by the Charleston will come up for final argument Saturday.

CONVICTED AT MANILA

Washington June 6—News has been received here [illegible] of the navy has been convicted by court martial at Manila and sentenced to dismissal from the service. The charge on which [illegible] was court martialed was in connection with the recent commissary irregularities at Manila. The sentence must be approved by the president to become effective.

MANY WEAK EYES

West Point N Y June 6—No official report has yet been made by the medical examining board but in official circles it is said that about 40 per cent of the young men who yesterday presented themselves for entrance examination at the military academy were found physically disqualified, many on account of weak eyes.

The examinations of the installed candidates will be finished tomorrow.

A Samoan Princess.

She was the virgin of the village—doubly important by being the chief's daughter and elected to that representative position which entails at least the inconvenience of her being always watched guided and [illegible] investigated by the matrons appointed thereto. The lines of my sketch which would have puzzled the ordinary amateur were clear to her. [illegible] she said. Here is Sifa clasping her elbows but her face is not made. Draw me and she moved away the hanging mats that obscured the light. The sketch I made was bad representing to my mind a European with strange features. I don't know what she thought of it but she recognized the chemise with ruffles on edges that cover her shoulders and made the motion of lifting it away which I was slow to understand. Her eyebrows moved with some question for which I had no English in my mind. At last the word missionary as she looked toward A[illegible] explained what was meant. I said no and looked approval. She rose passed into the shade and sat again before me her upper garment replaced by a long heavy garland of leaves and the aromatic square sided fruit of the pandanus, that partly covered [illegible] her hips against the folds of her waist. But my drawing was scarcely better for all this and I gave it to her with the feeling that what made it bad for me its resemblance to a European might give it value for her. All the time the temptation was strong to treat this child of another civilization as a [illegible]. She had the slow manner, the slightly disdainful look, the appearance of knowing the value of her sayings and doings that make our necessary ideal of responsibility. While though the princess puffed at my pipe meanwhile having secured a cigar kept cared for behind her pretty ear, while though she pressed two long slender fingers against her lips and spat through them according to some native elegance she knew that she was a personage and never was familiar even when she pressed my arm and shoulder and said Alofa oi I like you.—(From Passages from a Diary in the Pacific by John La Farge in the June Scribner's.)

ORGAN RECITAL AT GRACE CHURCH

A "Twilight" organ recital will be given at Grace church this evening at 8 o'clock by Mr. John Akers. The fine instrument has recently been thoroughly restored and tuned, and as a very attractive program is presented a most enjoyable sacred concert may be confidently anticipated. The soloists kindly assisting Mr. Akers are Mrs. Philip B. Stewart, Miss May Pierson, Mr. Faulkner and Master Percy Akers.

The music will be performed in a "dim religious light," which to some people seems to accentuate the listening mood. Admission is free. Collection in aid of fund for organ repairs. All are cordially invited to attend.

PROGRAM.

Hymn 258—"Hark, Hark, My Soul"....
.....Smart
Grace Church Choir.

TRUSTEE'S MILLINERY SALE

Mr. A. S. Munson, trustee of the Folin store, has kept the millinery of the store [illegible] his charge, making up what stock was in the store. Many very fine hats had not been prepared for the salesroom when he came in but are now completed. They comprise the very latest patterns and novelties. To help raise the creditors' money quickly all these hats are put on special sale today at prices that barely cover the cost of the work-room. Choice is $2.50 or $5.00, according to the lot you select from.

Do not buy until you get prices from the old reliable all the year round Repository, 114 North Tejon street. E. W. Davis Carriage Co.

Waltham and Elgin watches are better than others, so are Columbia and Rambler bicycles better than the later kinds. A. O. Downs has them at 129 N. Tejon street.

$12.50—BUFFALO, N. Y. AND RETURN—$12.50.

Via Colorado and Southern Ry. Tickets on sale every day until October 31, final limit 30 days from date of sale. Office, 15 North Tejon street.

Kaufman's basement is headquarters for hammocks and croquet sets.

The Gentleman's Shirt.

This is the name of a new shirt we have just opened and put on sale and it's well named. It comes in a variety of small and very neat patterns and is made of the real fine French Percales.

It is pleated, coat style and has attached cuffs.

You'll like this new shirt. The price is two dollars and that's at least fifty cents less than such quality and style should bring, but we're bound to retain the reputation for underselling on good qualities.

REDUCTION MILL CLOSED DOWN

Fires Are Drawn and Business Is Suspended.

MANY RUMORS OF A SALE

Management Declines to Make Any Definite Statement as to Causes or Probable Duration of Suspension.

The reduction mill of the Colorado-Philadelphia Reduction company closed down yesterday and will not resume operations for at least two weeks. It is announced by the management of the plant that the fires were stopped in order to make much needed repairs.

When the day shift went to work yesterday morning with their dinner pails in their hands they were informed that the mill had closed down and that they would not be needed for a time. They were given what money was due them and departed. Not all of the men were paid off, as the mill ran yesterday and last night in order to get the ore out which was already being treated. After this was done the remainder of the men were paid and allowed to go.

Mr. C. M. MacNeill, vice president and general manager of the plant, was seen by a Gazette reporter yesterday and asked for a statement in regard to the closing down of the plant.

"I do not care to make a statement," said Mr. MacNeill.

"The mill was closed for repairs, was it not?" was asked.

"Possibly."

In this city yesterday there were many wild rumors afloat because of the closing down of the mill. It was said that the mill had been sold to the smelter trust or that a deal was on whereby it would soon be sold. To these rumors Mr. MacNeill made a strong denial.

"The fires have not been out in the old mill for five years," he said, "and there are repairs which must be made. There are no special repairs which will be made, but the entire mill will receive a general overhauling and renovating.

By the closing down of the mill about 200 men were thrown out of employment which will make a large decrease in the money placed in circulation in the city. The Standard mill is still running and ore is being received and treated at this mill the same as formerly. Mr. MacNeill stated that one reason for the closing of the old mill was the lack of ore.

BURGLAR WANTED

FAULKNER NEEDS AN EXPERT TO OPEN HIS SAFE.

Changed the Combination and Has Forgotten It and Now He Needs the Money.

J. G. Faulkner is in trouble.

He has money but he cannot use it.

There have been a number of burglaries in the city during the past six months and Mr. Faulkner did not intend to be one of the victims. He changed the combination on his safe and then changed his mind about using the new combination. When the circus came along he decided to use the safe and put his money in it and locked it up, forgetting that he had changed the combination and did not remember it. The next morning after the circus he came to his store and started to unlock his safe. He worked for hours. He perspired; but all to no avail. The safe was locked for all time and the money was indeed safe.

Now the question is: how is he going to get into the safe?

He thought that the best way would be to drill a hole in the door and blow it open with dynamite, but after consultation he saw that not only would this wreck the safe and make it unfit for use, but it might fail to open the door. So he has decided to break off the combination dial and knock the combination in. If he does not do this, he will hire a burglar to open it. A new lock will cost about $5, which Mr. Faulkner thinks is rather a high interest for keeping money but a few days.

WOODMEN WILL HOLD MEMORIAL SERVICE

Next Sunday is a big day for the Woodmen. The local camp No. 45 will hold their memorial services in the morning and will assist the Colorado Springs camp in the afternoon. The program for the day is as follows:

9 a. m.—Woodmen of the World camps No. 45 of Colorado City, and No. 5 of Colorado Springs and the Women of Woodcraft will meet at the Woodman hall in this city.

9:30 a. m.—Parade will form and march to Fairview cemetery, where the graves of the deceased neighbors and their families will be decorated with flowers and the ritual of the lodge will be read by the officers.

In the afternoon the local camp will go to Colorado Springs, where they will assist in a like ceremony.

The address of the day will be delivered at the cemetery by Rev. H. A. Mullen, who is a member of the local camp.

At the regular weekly meeting of the Woodmen held last Wednesday night the above arrangements were made. The members of the lodge will go to the cemetery in full uniform and the ceremonies will be very solemn and appropriate.

RUNAWAY CAUSED WRECK OF A BUGGY

A runaway near Rice's place just east of the gateway to the Garden of the Gods Wednesday evening resulted in the complete demolishing of a buggy belonging to the livery stable of Shutter & Ridenour in this city, and the slight injury of the horse.

A doctor who is a stranger in the city, called at the barn Wednesday evening and rented the buggy for a drive. He stopped at Rice's and called to the attendant to care for the horse while he went inside. The man started to put a halter on the horse and while doing so frightened him so that he started to run. He ran up over the hill back of Rice's and into a fence before he could be stopped. The value of the buggy was about $75. The horse was slightly but not seriously injured.

RIDDELL LECTURES ARE DRAWING CROWDS

The Riddell lectures are gaining in popularity and the Baptist church is taxed to its utmost every evening to accommodate the crowds.

Last night Mr. Riddell lectured on "Heredity," and tonight he will give a talk on "Love, Courtship and Marriage," which is said to be one of the best lectures in the course. The admission to this lecture will be 25 cents. Sunday afternoon at 3:30 Mr. Riddell will talk to men only.

The lecture last night was interesting as well as instructive. A collection was taken up and the church was too small to hold the large number of people who came to hear the talk.

BRIEF CITY ITEMS

FIRE ALARM—A fire alarm at 5 o'clock Wednesday night called the department to the corner of Second and Lincoln, where a grass fire was in progress. The fire was extinguished and no damage was done.

POLICE COURT—There were three cases in police court yesterday morning and the prisoners were fined $15 and costs each by Judge Bates. They had no money and were put to work.

FUNERAL—Vicil Young, the 3-years old daughter of Conductor Young of the Colorado Midland railway, was buried from the family residence on Jefferson street yesterday afternoon at 2:30. The body was shipped to this city from Glenwood, where Mr. Young is now employed and where the child died June 4.

EAGLES—Forty applications have been received by the secretary of the local aerie of Eagles and they will be acted upon at the next meeting.

SHOOT—The Pastime Gun club held a shoot yesterday north of the city. These practice shoots will be held every Thursday afternoon.

NEW HOUSE—F. G. Mackey of Leadville, will begin the erection of a large residence on Colorado avenue in a few days. The cost of the house will be $2,500.

M. W. OF A.—The Modern Woodmen of America met in their hall last night and initiated a number of candidates. Most of the members of the lodge were present.

SURPRISE—The Royal Neighbors of America surprised R. Robinson at his home on Grand avenue Wednesday night and spent a merry evening.

PERSONAL MENTION

Thomas Freelove and family have gone to Florissant, Colo., to spend the summer.

Cecil Slutter is spending a few days at the Halfway house. He expects to be employed there during the summer.

Rev. Mr. Powell, former pastor of the Methodist church in this city, was a visitor in the city from Victor yesterday.

Albert Holmquist of Rochester, N. Y., visited some old friends in this city yesterday. He formerly lived here.

If predisposition to worms in children is not cured they may become emaciated, weakly and in danger of convulsions. White's Cream Vermifuge is the most successful and popular remedy. Price 25 cents. Hefley-Arcularius Drug Co., 21 South Tejon st.

We carry more than one of a kind; a few sales will not break our line. E. W. Davis Carriage Co.

EPWORTH LEAGUE EXCURSION.

Rosemont and Return—Via the Short Line.

Special trains will leave D. & R. G. station at 1:30 p. m., Saturday, June 8, returning in time for dinner. Fare for round trip, $1.00, open to all. A rare opportunity to view forty-six miles of unsurpassed scenic grandeur. Stops will be made en route to view special points of interest. Purchase tickets from committee, or at D. & R. G. station.

$12.50—BUFFALO & RETURN—$12.50. Over Rio Grande R. R. 30-day limit.

We Sell Cyko Paper

We are the exclusive agents for Colorado Springs and Manitou for the celebrated Cyko developing paper. This is the paper that has taken the place largely of Velox. It gives a more striking black and white effect and is slightly less expensive.

Mr. Stevens uses Cyko paper in all of his high grade work where platinum paper is not used. It is the paper used in the 10 cent Cyko photographs that have had such an extraordinary sale.

Cyko Paper

It is particularly good for amateurs. We have it in all sizes.

FOLTZ & HARDY
6 South Tejon.

CHRISTIAN ENDEAVOR RALLY SUNDAY NIGHT

The Christian Endeavorers of the city will hold their annual rally in preparation for their coming state C. E. convention on Sunday evening, June 9, at the First Baptist church beginning at 6:30 sharp. The meeting begins at this time in order to close in time for the regular church services of the evening.

It has been customary for a long time for the Endeavorers of the city to hold a rally on Sunday preceding the opening of the state Christian Endeavor convention and this year they are unusually fortunate in that the Rev. Richard Tjader of New York city will be the principal speaker. Rev. Tjader has had a large experience in addressing Christian Endeavorers all over the United States, he has just returned from an extensive trip for this purpose throughout the south and is now on his way to attend the California state Christian Endeavor convention, at which convention he will be the principal speaker. It is seldom that Colorado Springs is favored as at this time.

It is expected that the large convention choir will lead in the singing and that the state president of Christian Endeavor will preside.

The prospects for a rousing state Christian Endeavor convention were never brighter and it is expected that June 11 to 16 will long be remembered. On the evening of June 16 all of the churches of the city interested in union work will close their churches as far as possible and join in the closing service of the convention. On that evening the Rev. John D. Tuttle, D. D., of Worcester, Mass., will preach, taking for his subject "The Gift of Power," followed by a consecration service conducted by Dr. Boyle.

OLMSTED-GUNNING

The marriage of Miss Susie R. Gunning and Mr. Henry J. Olmsted was solemnized yesterday afternoon at 4 o'clock at the home of the bride's mother, Mrs. Rosa Gunning, 511 East Boulder street. The Rev. Dr. Kirkwood officiated.

Mr. Andrew Gunning acted as best man; Miss Carrie Hinkey as bridesmaid.

Only the immediate relatives and a few of the bride's former schoolmates were present.

Immediately after the ceremony light refreshments were served.

Amid a shower of rice the bride and groom took the north-bound train for a brief wedding journey.

They will make their home in Colorado Springs.

WYMAN WANTS HIS HOUSE AND LOT

H. W. Wyman, who was found guilty in Justice Ruby's court recently of having created a disturbance when he tried to oust Miss Minnie Lusk, his tenant, from a residence on North Tejon street, began an unlawful detainer suit against Miss Lusk in the justice's court yesterday. He demands possession of the premises and $110 it is alleges the defendant owes him.

Cases were disposed of as follows in Justice Ruby's court:

People vs. H. Korez, convicted of having stolen goods and fined $10.

People vs. Robert Cochran, disturbance, set for June 11.

People vs. Schaaf, set for today.

ADDISON LOWRY WILL MANAGE THE RAMONA

Mr. Addison Lowry, who has been manager of the El Paso club for the past two years and who has brought the club to its present excellent financial condition, has become the lessee and manager of the Hotel Ramona at Cascade.

Mr. Lowry's long experience in the hotel and restaurant business assures the most complete and satisfactory service and we predict for this always popular hostelry a very successful period.

WIFE WILL CONTEST SUIT FOR DIVORCE

A divorce suit begun recently by Porter S. Simpson against his wife, Dartmila, will be contested vigorously by Mrs. Simpson. The defendant filed her answer and a cross-suit in the county court yesterday, and Judge Hubbard ordered the plaintiff to pay his wife's expenses in defending the suit, and also to contribute $5 a week to her support while the suit is pending.

Simpson alleged in his complaint that his wife deserted him in 1897. Mrs. Simpson declares in her cross-complaint that she left her husband because she was compelled to work to support herself and child.

A jury will decide the case.

SHORT LINE MUST USE BORROWED CARS

Superintendent Ridgway, of the "Short Line," who went to St. Louis several days ago with the intention of purchasing three new passenger coaches for the road, returned yesterday without having fulfilled his mission. The American Car & Foundry company, from which it was intended to buy the cars, is so busy that it is impossible for the plant to build coaches of the quality required by the "Short Line" immediately.

Until some other arrangements are made, the line will have to use the cars of other roads, as well as its own, to accommodate the heavy traffic. Thus far the summer excursion business has been greater than was expected.

Hardly a day passes, in families where there are children in which Ballard's Snow Liniment is not needed. It quickly cures cuts, wounds, bruises, burns and scalds. Price 25 and 50 cents. Hefley-Arcularius Drug Co., 21 South Tejon street.

Our prices are the lowest. Road Wagons, $33.50, $38.50, $46.50. 114 N. Tejon St., E. W. Davis Carriage Co.

THE SATISFYING PORTION

Of any man's life is to succeed. Dr. Ellison, Colorado Springs' successful specialist, is now reaping the benefits of years of effort in seeking to become proficient in treating Consumption, Asthma, Catarrh, Hay Fever and Chronic Diseases of men, women and children. Are you sick? See the doctor. Examination free. Office, 24 North Tejon Street.

It is quite essential to a man's success that he is in love with his life work. Dr. Ellison loves his chosen profession. He has always been well satisfied that he chose medicine, when it is remembered that the doctor has had under treatment nearly two thousand cases and has only lost four, success such as this will bring happiness, for of all things in this life men like to succeed in an undertaking. You will find a great difference in the success of men in the numerous walks of life. In the treatment of chronic diseases good judgment holds the balance of power, because medicine is not an exact science. This being true, the physician who enjoys the most extensive practice in a given line will necessarily be in possession of the best treatment. Dr. Ellison is busy every day treating consumption, asthma, catarrh, hay fever and chronic diseases of men, women and children, and enjoys an extensive practice and is in a position to become fairly acquainted with the diseases he treats. Office, 24 North Tejon street (over Craigue's grocery store), where he can be consulted from 9 to 12 in the mornings, afternoons from 2 to 5, evenings from 7 to 8 o'clock. Sundays from 2 to 5 p. m.

CHURCH SOCIAL TONIGHT—There will be a church social this evening at the First Baptist church, the last of the season. All members and friends of the church are cordially invited to be present. An interesting program has been prepared and a pleasant evening is assured.

PICNIC—The Monday Progress club will have a picnic at Rosemont or St. Peter's dome, on the Short Line tomorrow. Those who are going will meet at the Rio Grande depot at 10 o'clock in the morning so that the secretary will know whether or not there will be a sufficient number to secure reduced rates. The return trip will be made at 6 o'clock in the evening. A good time is assured.

WOODMEN MEMORIAL—The annual memorial service of the Woodmen of the World will be held next Sunday June 9. Members will meet at the hall at 9 a. m. to go to Colorado City and at 1:30 p. m. to go to Evergreen cemetery on the Colorado and Southern road, where the unveiling and decorating of the graves of deceased neighbors will take place. Railroad fare will be 15 cents for the round trip. All neighbors and friends are invited to be present. The memorial sermon will be preached June 16 at the First M. E. church by Dr. Wilcox.

THE SEARCH STOPS.

The Right Thing Has Been Found—A Colorado Springs Citizen Shows the Way.

Once more we are indebted to a Colorado Springs citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims indorsed by strangers, residing in far-distant parts of the Union. It is no longer necessary to accept such indorsements, for local citizens are giving their testimony and it's an easy matter for any reader to investigate the correctness of such evidence as the following:

Mr. James Niles of 15 East Cimarron street, carpenter, says: "During the fall of 1898 and the winter of 1899 an attack of backache persistently clung to me. If I had taken it in time I might have checked it in its earliest stages, but I neglected it and when I procured Doan's Kidney Pills at Jones & Wellington's Drug store, 109 North Tejon street, there was not the slightest doubt but some derangement of the kidneys caused the annoyance. As the treatment cured me, I am only too pleased to indorse the remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

ROSEMONT AND RETURN, $1.00.

Saturday, June 8th Via the Short Line

Special trains will leave D. & R. G. station at 1:30 p. m. with Epworth Leaguers and all others who desire to participate, for an afternoon's outing, through the magnificent scenery of the "Short Line," to Rosemont beyond the summit, returning in time for dinner. Tickets on sale at City office, 16 North Tejon street, or at D. & R. G. station.

CONDUCTORS FROM THE EAST

Third Railway Party In a Week Visits Manitou.

EPWORTH LEAGUERS ALSO

Visitors Attracted by the Low Rates Made Manitou Lively Yesterday.

It looked like old times in Manitou yesterday. The streets were crowded with people and there was an unusual rush at the soda and Iron springs. Almost everyone on the streets had a badge on. The third party of railway conductors to arrive in Manitou within the past week was here yesterday and its members were bent on seeing everything there was to be seen. In addition to these, many of the Epworth leaguers who are holding their tenth annual convention in Colorado Springs were in Manitou yesterday afternoon, sight seeing.

The conductors arrived early yesterday morning over the Denver and Rio Grande in a special train consisting of four Pullmans. The party numbers 93, and is in charge of N. H. Wood, of Chicago. This party was composed of eastern conductors while the other two were from the south. The party is making a tour of the western part of the United States and will go direct to the City of Mexico from here. The conductors have been in convention at St. Paul, Minn.

The conductors are a jolly lot. When they get out on a pleasure trip they forget how many people they have waked from a restless slumber with their "Tickets, tickets!" and give themselves over to having a good time. Coming as they did from the east, there are many sides of western life which are little less than wonderful to them. While waiting at the Cliff house after lunch yesterday the conductors saw three small boys coming up the street on burros. Immediately there was a hold-up and in less time than it takes to tell there were a dozen or more kodak fiends out in the street anxious to get a snap shot of the "Rocky mountain canaries." One jolly conductor who weighs in the neighborhood of 250 pounds deposed one of the lads and climbed onto the burro himself, while the others took his picture. When he got off he remarked, "That's the heaviest load that animal has ever carried."

Yesterday morning the conductors and their wives took drives to the different points of interest and in the afternoon the ascent of Pike's Peak was made in special Cog trains. The conductors seemed delighted with everything they saw and all voted Manitou a delightful spot in the mountains.

RAYMOND PARTIES TO COME ALL SUMMER

There will be Raymond parties in Manitou all during the summer months this year. Generally the excursions were not run after the middle of June but it is the intention of the management to run them periodically through the summer this season.

The next party will arrive from the west tomorrow and will number about 50 excursionists. They will stop at the Cliff, as heretofore, and will take the drives to the scenic points of interest and the ascent of Pike's Peak via the Cog road during their stay in this place.

PIKE'S PEAK NEWS IS MUCH IMPROVED

The Pike's Peak News is more attractive this year than ever before. Mr. C. E. Tschudi, who has been connected with the Cog road for some time, is the publisher of the paper, and, besides the names of the arrivals on the summit of the Peak, contains some very interesting literature descriptive of the Cog road and the Peak. An extract of one of Mr. Tschudi's poems entitled "The Legend of Lake Moraine," also appears in each issue. Mr. Tschudi is an author of merit and a number of his stories have been published. He wrote the article descriptive of Pike's Peak which appears in the new booklet which the Cog road has recently issued under the title of "The Monument of the Continent," besides a number of other articles which have appeared in the leading magazines of the country at different times. One story, "Nellie's Silver-Mine," printed in Pearson's Magazine some time ago, is especially worthy of mention. Mr. Tschudi describes the News as being "the most 'elevated' publication on earth."

THE PLUNGE

MORELAND ENTERTAINS THE I. P. O. E. JUNE 17.

After That Date the Boys and Anyone Else Who Wants to Can Have the Pool.

The youth of Colorado Springs, Colorado City and Manitou will nail with delight the announcement that the Manitou bath house is to be opened Monday evening, June 17. Workmen are busily engaged in re-cementing the plunge, painting the floors, and repairing the tubs. A number of new bathing suits have been ordered, and Moreland, manager of the bath house, assures the public that the bath house will be in first class shape this summer.

This year, as in former years, the bath house will be opened by a complimentary plunge party given by Mr. Moreland to the Colorado Springs lodge of Elks. The Elks have been the first to swim in the plunge for the past two seasons and this plunge party has come to be looked on as a permanent fixture. Mr. Moreland is past exalted ruler of the antlered tribe, and he always gives the lodge members a good time when they go to Manitou as his guests.

There are many epochs in a small boy's life. One of them is the swimming season when he can paddle or swim in the water to his heart's desire. When school is out he thinks swimming time has come and the boy of this vicinity looks forward to the opening of the plunge with great expectations. The rates this year will be the same as in former seasons 50 cents a plunge or soda bath and $5 per hour for a plunge party of not more than 20.

PERSONAL MENTION

Albert Holmquist, who is now attending school in Rochester, N. Y., is visiting old friends in Manitou. He was formerly employed at the Manitou Mineral Springs company's plant.

William Paulson spent a portion of this week in Denver.

Robert Sawin attended the graduating exercises at Wolfe Hall in Denver this week. Miss Lilla Sawin was one of the graduates.

Mrs. J. H. Griffith, a former resident of Manitou, was a visitor in this city this week. Mrs. Griffith now resides in Denver.

Miss Emma Rich entertained a few of her friends at her home on Ute avenue last night.

F. D. Fox is suffering considerably with rheumatism and is contemplating a trip to Hartsell Hot Springs for the benefit of his health.

Aside from the serious inconvenience and pain caused by piles, there is a tendency to fistula and to cancer in the rectal regions. Piles should not be allowed to run on unchecked. Tabler's Buckeye Pile Ointment is an infallible remedy. Price, 50 cents a bottle; tubes 75 cents. Hefley-Arcularius Drug Co., 21 S. Tejon street.

Multi-motional ice cream freezers, all sizes. Kaufman's basement.

GIVES A DINNER AND GETS A CANE

Mr. D. B. Fairley Entertains Leading Citizens and Is Honored by Them—Jubilee Program Being Put Into Definite Shape.

Public interest and the spirit are being aroused in Colorado Springs over the Quartocentennial in a manner never before ... Citizens ... vieing with each other ... their efforts to make the celebration a grand ...

Mr. ... B. ... president of the chamber of commerce, gave a dinner at ... last night to the directors ... and members of the executive committee of the Quartocentennial ...

The purpose of the meeting was ... At ... o'clock the following ... the bountiful repast furnished by Mr. Otto ... proprietor of the Broadmoor Casino:

D. B. Fairley, John G. Shields, C. ... Bennett, F. B. Stewart, I. F. Brooks, S. S. Bernard, Gilbert McClurg, R. ... Davie, J. J. Frankill, ... George B. Buck and ... Stevens.

As soon as ... was reached a pleasant surprise was sprung upon all those present. Mr. ... arose and ... in a ... chosen words ... eloquent phrases he presented Mr. Fairley with a ... gold headed cane as a token of esteem from the directors of the chamber of commerce. Mr. ... paid a high ... tribute to Mr. Fairley's devotion to the ... The cane bears the following inscription:

"... D. B. Fairley from directors C. S. C. C. 1901."

After the presentation ... Mr. Fairley made a ... but his feelings ... mastered him.

At the close of this incident the gentlemen present took up the discussion of the details of the celebration ... over every possible phase of it. It was decided to immediately formally invite the people of every city, town and county in the state to join in the celebration and to send a float or other exhibit on of their progress during the past ... years.

The street fair will be given ... if satisfactory arrangements can be made.

Committees on transportation, ... and division of work were appointed and the first steps were taken to crystallize the suggestions heretofore made into different plans for the festival.

The gathering adjourned at 11 ... just in time to catch the last car into the city.

High School Alumni Reception Is Tonight

The ... reception to the members of the graduating class of the High school and the school board will be given tonight at the High school building. This reception takes the place of the usual banquet which has been given every year at the Alamo hotel.

Miss Mary McAllister ... the High school faculty and alumni ... in charge and she has completed the program. The Turnbull ... will be presented to the school tonight. The memorial is a large handsomely framed photograph of the late G. F. Turnbull. It will be hung in the library.

The presentation speech will be made by ... of the association. President Bert Kern of the senior class will make a speech on the relations of Mr. Turnbull to the High school students. Mr. W. A. Platt will make the address of the evening. The High school ... will render a number of selections.

Chief Clerk Dunning Arrived Last Night

W. S. Dunning, one of the best known hotel men in the country, who is to be chief clerk of the new Antlers, arrived in Colorado Springs last evening from Chicago ready to take up his duties at the greatest hotel in Colorado. Mr. Dunning was accompanied by his wife and they will remain in the Alamo until the Antlers is opened on July 2.

The first thing Mr. Dunning did after he reached this city was to visit the Antlers. He said it was the finest ho... ... with Mr. Ma...ucht the manager today and will assist him in preparing the plans for the formal opening of the hotel.

Mr. Dunning began his experience in the hotel business 25 years ago. For many years he was connected with the Windsor at Denver and in 1895 went to Chicago to become chief clerk of the Auditorium Annex, which position he resigned to accept the head clerkship at the Antlers. He is possessed of a wonderful memory and hardly ever fails to remember a guest who has stopped at the hotel even if years have elapsed since he last saw him.

Mr. Dunning's first assistant will be Mr. Wright who also comes from Chicago. Mr. Wright is a personal friend of the chief clerk and is said to be a most successful hotel man.

FOUGHT ABOUT BET AT ROSWELL PARK

Just after an exciting finish to a race on the track at Roswell park, about 6 o'clock last night, two men, one of them said to have been an owner of some fast stock, became involved in a dispute over a bet. Words were passed and a crowd gathered around to see the row.

The men finally became so heated in their arguments that they clashed. One of them landed a vicious blow on his opponent and then Sheriff Goddard, who had been watching the quarrel, interfered. The combatants were separated and the excitement quieted down.

It was rumored about town in the evening that the two men met later and that shooting took place. At midnight however Sheriff Goddard stated that he had not heard of it.

A. D. AITKEN GOES FAST TO BE MARRIED

Mr. A. D. Aitken, brother of L. L. Aitken of this city, left yesterday for Aledo, Ill., where he will be married on Thursday next to Miss Mina Lakin, daughter of Mr. J. Eakin of that place. Aledo was formerly the home of Mr. Aitken. Mr. Aitken's mother and sister accompanied him on his eastern trip. After the honeymoon trip Mr. and Mrs. Aitken will return to Colorado Springs and be at home to their friends at 112 East Uintah street.

W. C. T. U.—The regular business meeting of the Frances Willard W. C. T. U. will be held this afternoon at 3 o'clock at 209 South Weber street. A full attendance is desired.

TIGER BOARD—The members of the Colorado College Tiger board, Messrs. Nash, Griffith, McClintock and Holt, and ladies, had a dinner at the Alamo hotel last night.

ACADEMY CLASS DAY—The class day exercises of Cutler academy will be held tomorrow evening at Perkins Fine Arts hall. An attractive program has been prepared.

Do not forget that our Red Seal Price Sale is still on. Buggies, Harness, Trunks, Bags, Robes, etc. 114 N. Tejon St. L. W. Davis Carriage Co.

See our fine white linon lawns, chiffons and ... for Class Day dresses at Kaufman's.

WHERE TO GO AND HOW TO GET THERE

A very complete and attractive pamphlet entitled "Where to go and What to See in Colorado Springs, Manitou and Vicinity" has just been issued by the chamber of commerce, having been compiled and ... by Gilbert McClurg, secretary.

The little book is one of the most complete and ... as well as attractive works of its kind that has been published in this part of the country. It contains a full description of the scenic environs of the city and how to reach them, a street guide and two colored maps, routes for drives and bicycle tours, streets and hotels, notable resorts and large buildings, altitudes, liver and transfer rates, etc., and is profusely and handsomely illustrated with half tone engravings.

Tourists will find this little book ex... that they will want to see while in this city or its vicinity.

The Decline of the Antis

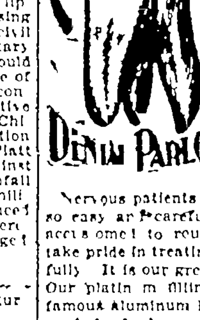

What is to be the future of the anti-imperialist party? The concrete results of its activity are the encouragement of the insurgents in the Philippines, the overwhelming defeat of Mr. Bryan and the nursing of opposition to the United States in Cuba. It is a party of dire predictions, none of which has come true. It declared that we could never put down the insurrection in the Philippines, but Aguinaldo is now a living peace and the war is ended and civil government is superseding military rule. It predicted that we should grab land in China, but the ... of the United States has been the one consistent and the most conservative force for the preservation of the Chinese empire. It predicted the violation of our faith with Cuba, but the Platt amendment is the safeguard against annexation. It predicted the downfall of our liberties and the rise of militarism, but the army has been reduced and no man can say specifically where the American liberty has been abridged.—(From the World's Work.

—AN AFTERNOON'S OUTING—Rosemont Beyond the Summit Saturday June 8.

Not Preachers But Grocers

We are not PREACHERS but GROCERS

THERE are other men of more ability in that line than we can boast of who do the preaching. Our business is to sell GROCERIES. On the subject of Groceries however we could preach you a pretty good sermon. One reason for this is that the kind of Groceries we sell will bear preaching about. But we are not going to sermonize. We just want to talk plain, hard business. In this connection will say that we are in a position to serve you exceptionally well in the matter of Groceries as our years of experience have given us advantage over competitors in the matter of buying, and the firm that buys best can always sell best. We have been thus enabled to make lower prices than others for the same quality of goods—and the only quality we handle is the VERY BEST. Would be pleased to have a personal interview with you.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs June 6 The market today exhibited a little more activity and strength than was apparent yesterday and there were spots which looked very bright although there was no general improvement in the tone of the trading. The demand for stocks is still held in abeyance awaiting some decided move on the part of the market. Its present condition is a very uncertain one but it is generally thought that it would respond very easily to any kind of an impetus. It is known that there are many buying orders on the floor every day which can not be filled while at the same time a selling order has a decided weakening effect on the prices. Every one is tentative and does not wish to either buy or sell until it is more certain which way the market is going to move.

The market upon the afternoon call was dull and inactive. Trading was medium and the prices generally unchanged. In the mines Battle Mt was 13, Doctor after some fluctuation closed stronger at 75. Gold Dollar closed firm at 17¾. Last Dollar was lower. Pointer was some weaker at 11¼, buyer 30. Vindicator sold at $1.15. Portland closed $3.10 bid at $3 with no sales. In the preferred prospects Ben Hur was 8½. Exploration at 9¾ and Eclipse at 15½ were steady. Gold Bond weaker at 8¾. Hart was 10. Wide Awake up at 4. In the prospects Chicolo was the most active 30,000 shares selling at 2¼. Ernestine was 1¾, St Thomas 4, Trenton 1¼. In the unclassified Banner was 2½, Creede 10, Dorothy 1¾ and Sedan 8¼.

The total amount of the sales for the day was 35,750 shares for which the cash value was $3,705.00

EASTERN MARKETS

New York June 6—There was a decided abatement of speculative activity in stocks today with a resulting depression in prices. Losses are quite large in some of the high priced stocks which have been recent favorites in speculation. The market was ruled very largely by the action of a small volume of the dealings and the bulk of support which marked yesterday's operations. It resulted in the elimination of a large short interest and that the demand from this source is over short contracts had been taken advantage of by the bull contingent to realize profits on heavy long lines of stocks. This natural closing up of accounts had a decided effect on the speculative position and the ushering in of the last end of the ... indifference of the Wall Street. There were rumors current that the covering by the bears yesterday had been completed at considerable cost and more or less uneasiness was aroused by this fact. The emphatic denials from official sources of a number of the rumors which have played a part in the recent bull movement especially those bearing on consolidations and absorptions of many of the minor railroad systems was a somewhat depressing factor. An influence in the ... was the disclaimer on the part of parties interested of the assumption of the entrance to the Atchison directory of a member of the firm of J P Morgan & Co was an indication of Morgan holdings of the stock with a view of establishment of community of interest. The net changes in stocks gave no adequate idea of the extent of the day's price ranges. There was considerable show of strength at the opening partly due to the influence of London on account of the reduction in the Bank of England rate and also on account of operations by a coterie of Americans in London.

The selling pressure made an end of the advance before the end of the first hour.

The feverish tone of Rock Island was a somewhat unsettling influence owing to fears that a corner may develop in that stock. The various tobacco companies were ... and advanced on the incorporation of the new company in New Jersey which is believed to be for the purpose of merging—over and combining all the present companies. American Tobacco rose an extreme 1¾. Continental Tobacco ¾, the preferred ¾ and American Snuff 4. Louisville and Nashville was consistently strong on the ground of its comparative low price and large earnings and advanced 2½. Missouri Pacific rose at 1 to 2¼, believed to be on account of the greater Missouri Pacific project. In the drop about the ... the grangers Pacifics Southwesterns and New York public utilities suffered most severely. St Paul losing 4, the preferred 4½ and others in the group from 2 to 3 points. Declines of one or two points were fairly general in the active list. There was a good rally but the prices ran off again at the weak closing with most to the lowest in some cases. Total sales 991,100.

There were some late rallies in the bond market which redeemed it from the early easy tone making the changes for the day irregular. Total sales par value $3,710,000.

United States 2s advanced ¼c and the ... per cent on the last call.

New York Money.

New York June 6—Money on call steady at 3 per cent prime mercantile paper 3¾@4½ per cent.

Sterling exchange firm with actual business in bankers bills at $4.84½@4.84¾ for demand and at $4.84¾@4.84½ for 60 days posted rates $4.86 and $4.89 commercial bills $4.84¾@4.85.

Silver certificates nominally 60c bar silver 59¾ Mexican dollars 48c.

State bonds inactive government bonds strong railroad bonds inactive.

The London Market

New York June 6—Commercial Advertiser's London financial cablegram: The stock market continues dull with dealings very moderate in volume. Today's market was inactive but steady. The bank rate was reduced from 4 to 3½ per cent. This was a favorite factor but the bank's action has been generally expected and the effect was therefore pretty well discounted. American shares were the briskest but even in this department specula-tors were limited and were generally content to deal in small lots. The Ba... general rath... dull but harder ... what ... the ... reduction in the bank rate. The advance was followed at ... by buying for the New York account. Toward the end of the session ... broke somewhat but there was a rally on buying on the ... after the close. The favorites were Louisville and Nashville and Northern Pacific, the latter being influenced by dividend talk. On the street Americans were generally weaker. Atchison was a dollar lower.

Chicago Grain and Provisions

Chicago June 6—Generally the wheat market was dull. July on account of reports of beneficial rains in the northwest opened unchanged to ¼c lower at 7... There was a considerable quantity offered and quickly the market declined to 1¼. Reports from Missouri that the condition of wheat ... 83 against 93 for last month and this put a check on both sentiment and July offerings. There was some profit taking by shorts and these circumstances caused a reaction to 1¾. The improvement was only temporary however and there was a gradual decline to the end. But for the fact that the bulls had ... been on both sides of the market beginning buying liberally July would have suffered a much greater loss. September failed to maintain its early firmness and cased in sympathy with July. The latter delivery closed weak at 1¾c lower at ¾c. The volume of business was not extensive. September wheat sold between 70¼ and 1½ and closed 1¾@1¾c lower at 70¼@0¾.

The corn market was easier to begin with and decidedly weak later in the session. July corn weak and 1@1¼c lower at 43¾@43¼c.

Oats were weaker and unsettled. July oats closed easy and ¼@1¾c lower at 2...

The provision market alone showed strength. Initial selling. Commission houses were good buyers both of lard and ribs but offerings were not plentiful. July pork closed 1½@10c higher lard 10c higher ribs ¼c improved.

The leading futures ranged as follows

Wheat No 2—	Open	High	Low	Close

A Travel Point
Pan-American Exposition

THE Pan American, to be held at Buffalo, N Y, May 1 to Nov. 1, will be one of the greatest and most beautiful expositions the world has known. To enjoy its beauties will be worth any effort. The question of traveling to and from Buffalo is one to be carefully considered. You will desire to travel by the route affording the most comfort and interest. The return trip, too, must be considered, as after you have done the Exposition, Buffalo, Niagara Falls and vicinity, you'll be tired and wish to reach home quickly.

The Lake Shore and Michigan Southern Railway

as the leading line to Buffalo by reason of the frequency of its trains and the certainty and punctuality of their movement will best meet this requirement. It is the only double track line, and the completeness of its service eight through trains daily among them the only daylight train, places it at the forefront among Eastern roads. The country traversed is the fairest and richest of the Middle States—the most interesting on the way to Buffalo.

DENVER, COLO.

RHEUMATISM...

Read what Dr. Boyle, Pastor of the First Presbyterian church, says:

DEAR DOCTOR GROVER

It affords me very great pleasure to testify that I have been completely relieved of an attack of rheumatism of three months standing after five treatments in the Electro-Thermatorium.

The benefits of such a fully equipped institution will ere long be fully appreciated in Colorado Springs.

LEGAL NOTICES

NOTICE.
THE COLORADO FUEL AND IRON COMPANY

Notice is hereby given that a special meeting of the stockholders of The Colorado Fuel and Iron company will be held on the 13th day of July 1901 at 10 o'clock in the forenoon at the general and principal office of the company Boston block corner of Seventeenth and Champa streets in the City of Denver in the State of Colorado [illegible] stockholders the question of an increase of the capital stock of the company to forty million dollars ($40,000,000) consisting of four hundred thousand shares of one hundred dollars ($) each such stock to be non assessable and the question of authorizing the board of directors of said company to issue from time to time fifteen million dollars ($15,000,000) of five per cent. ten year convertible gold debentures of the kind hereinafter described and of ratifying all the action of the board of directors and of the president with reference to the issue and sale of such debentures.

And for the purpose of considering proposed amendments to the articles of incorporation of such company authorizing the directors to issue from time to time fifteen million dollars ($15,000,000) of five per cent ten year convertible gold debentures of the company of one thousand dollars ($1,000) each each convertible at the option of the holder thereof into the common stock of the company at par (interest and dividends to be adjusted) at any time after February 1 1902 until and including August 1 1906, and each redeemable at the option of the company at a premium of five per cent on any interest day after August 1 1906 such debentures to bear interest at the rate of five per cent per annum payable semi annually and to mature August 1 1911 and providing for the increase of the capital stock to forty million dollars ($40,000,000) such capital stock to be non assessable of which one hundred and fifty thousand additional shares of common capital stock of one hundred dollars ($100) each are to remain in the treasury of the company to be issued only in exchange for the aforementioned ten year convertible gold debentures at the option of the holders thereof respectively until and including August 1 1906 after which any of said one hundred and fifty thousand shares of common stock which shall then be unissued may be issued and disposed of for value received as the board of directors may provide.

And providing for the disposition of the proceeds of said debentures and limiting [illegible] as any of said debentures are outstanding the power of the company to place mortgages and other incumbrances upon the property of the company or to authorize or issue other debentures or bonds except those provided for in the mortgages or deeds of trust outstanding July 1 1901 or to issue any notes or create any indebtedness for any other purpose than the ordinary running expenses of the company and providing that meetings of the board of directors may be held beyond the limits of the State of Colorado.

Or any other amendments thereto [illegible] of which shall be that the capital stock be increased to forty million dollars ($40,000,000) and that the directors be authorized to issue fifteen million dollars ($15,000,000) five per cent convertible gold debentures convertible into common stock.

Dated May 2[illegible] 1901

By order of the board of directors.

You'll call my hand?" she asked him
Ah well he doubtless might
Had he the luck to hold again
The hand he held to-night

LEGAL NOTICES

NOTICE.
THE COLORADO FUEL AND IRON COMPANY

Notice is hereby given that a special meeting of the stockholders of The Colorado Fuel and Iron company will be held on the 13th day of July 1901 at 10 o'clock in the forenoon at the general and principal office of the company Boston block corner of Seventeenth and Champa streets in the City of Denver in the State of Colorado ... to the stockholders the question of an increase of the capital stock of the company to forty million dollars ($40,000,000) consisting of four hundred thousand shares of one hundred dollars ($) each such stock to be non assessable and the question of authorizing the board of directors of said company to issue from time to time fifteen million dollars ($15,0??) of five per cent. ten year convertible gold debentures of the kind hereinafter described and ratifying all ... action of the board of directors and of the president with reference to the issue and sale of such debentures

And for the purpose of considering proposed amendments to the articles of incorporation of such company authorizing the directors to issue from time to time fifteen million dollars ($15,000,000) of five per cent ten year convertible gold debentures of the company of one thousand dollars ($1,000) each each convertible at the option of the holder thereof into the common stock of the company at par (interest and dividends to be adjusted) at any time after February 1 190? until and including August 1 190?, and each redeemable at the option of the company at a premium of five per cent. on any interest day after August 1 190? such debentures to bear interest at the rate of five per cent per annum payable semi annually and to mature August 1 1911 and providing for the increase of the capital stock to forty million dollars ($40,000,000) such capital stock to be non assessable of which one hundred and fifty thousand additional shares of common capital stock of one hundred dollars ($100) each are to remain in the treasury of the company to be issued only in exchange for the aforementioned ten year convertible gold debentures at the option of the holders thereof respectively until and including August 1 1911 after which any of said one hundred and fifty thousand shares of common stock which shall then be unissued may be issued and disposed of for value received as the board of directors may provide

And providing for the disposition of the proceeds of said debentures and limiting so long as any of said debentures are outstanding the power of the company to place mortgages and other incumbrances upon the property of the company or to authorize or issue other debentures or bonds except those provided for in the mortgages or deeds of trust outstanding July 1 1901 or to issue any notes or create any indebtedness for any other purpose than the ordinary running expenses of the company and providing that meetings of the board of directors may be held beyond the limits of the State of Colorado

Or any other amendments the substance of which shall be that the capital stock be increased to forty million dollars ($40,000,000) and that the directors be authorized to issue fifteen million dollars ($15,000,000) five per cent convertible gold debentures convertible into common stock

Dated May 27 1901

By order of the board of directors
J C Osgood
President of the Colorado Fuel and Iron Company
S. L Heyn Assistant Secretary
